August 2017

Dear Parents and Guardians,

The Baxter County Library is pleased to partner with Baxter County school districts to provide every student in the 6<sup>th</sup> – 9<sup>th</sup> grades with a Library Tech Card for in-school and at-home use. The card allows students to access a variety of educational resources on the Library's website for help with homework and school projects.

Resources include:

- New this year, **Brainfuse** offering live tutoring sessions in a variety of subjects. Check out YouTube for several informational videos on how to use Brainfuse.
- **Library2Go** to download eBooks, eAudiobooks\*
- eMagazines from **RBDigital**\*
- Access to several databases including **World Book**
- **Pronunciator** to learn over 80 languages

Library Tech Cards are not traditional library cards - they are for accessing online resources only and cannot be used for borrowing physical materials at the Library. Traditional library cards for checking out books, movies, etc. are available to all students enrolled in Baxter County schools with parental permission. Just visit us at the Library!

Inspiring imagination, igniting interests, and enabling learning is at the heart of what we do at the library every day. We hope the Library Tech Card enhances your student's school year.

For any questions regarding the program, please contact:  
Teen Librarian TJ McDonald at [tj.m@baxlib.org](mailto:tj.m@baxlib.org) or 870-580-0910  
Children's Librarian Diane Porter at [diane.p@baxlib.org](mailto:diane.p@baxlib.org) or 870-580-0703

Have a great school year!

Kim Crow Sheaner  
Library Director
